Welcome to Fluor’s Supplier and Contractor Registry

This registry is for suppliers, contractors, and other organizations interested in or already working with Fluor.

Creating and updating your company profile is the best way to make sure Fluor has current information about your company.

Provide Fluor’s global employees with your company’s information.

What the Supplier and Contractor Registry is.

Fluor’s Supplier and Contractor Registry registers your company information.

You let us know you are interested in working with Fluor.

Fluor’s Supplier and Contractor Registry is the best place to get started with Fluor.

What Fluor Buys

As one of the world’s largest engineering, procurement, construction, and maintenance services organizations, Fluor procures a large volume of industrial goods and services.

See what types of goods and services Fluor typically buys.

If your company supplies goods and services like those listed, you should proceed to register with Fluor.

See the next page for a guide on completing your registration.
Step 1
Go to Fluor’s Supplier and Contractor Registry page.

There are several ways to get to Supplier and Contractor login on Fluor.com
1. From the Login Areas page, click on Supplier and Contractor Registry
2. From the Contact Us page, click on Supplier and Contractor Inquiries
3. From the Navigation bar, mouse over Services, then Procurement. The Supplier and Contractor Registry link will appear below.
4. From the Search function, search for “supplier”. There is a link taking you to the Supplier and Contractor page.

Any one of these methods will work.

Click on the Register button on the Supplier and Contractor Registry page

Step 2
• Click on the “Click here to Get Started” button. Fill out the short form to confirm your company isn’t already on file.
• You need your company’s legal entity name (Company Name), the address of your primary location, phone number, your name and email address.
• Click the checkbox to accept the terms of use for the registry site and Submit to send the information.
• There is also a Registration Code field. This is a feature to help establish where your interest came from. If you don’t have a code, leave this field blank. You can proceed without a Registration Code.

Step 3
You will receive an email from support@fluor.com within minutes of your submission. It contains a username, temporary password, and a login link.

Ensure your email account accepts email from support@fluor.com. We want our mail delivered and not caught in a spam filter.
**Step 4**
After updating the temporary password, you move from input area to input area via the “Save & Next” button.

Hover-over help buttons supply additional instructions on each page.

When requested to list the materials or skills provided:

- You can improve your search results, with a “%” sign at the start of your search string.
- 1,000 characters are available to describe your offerings and how you can bring value.
- Key words included here will aid search results performed by Fluor professionals. Be descriptive and improve your opportunity to be found.

**Step 5**
Confirm the results on the last page of the registration wizard and you are finished.

You will receive one more email confirming your registration is complete.

Contact support@fluor.com with any questions.

Let us get to know you.

Thank you for your interest in Fluor.
